Enchanting Media *Photography Studio*

All of our albums are handcrafted, library bound with tooled leather by the leading wedding album maker in the world, Renaissance. Art montage albums include selective coloring and an unlimited number of photographs at no additional charge.

Each collection includes an online photo gallery devoted to your special day, viewable when the DVD slideshow and/or printed proofs are delivered and for up to ninety days thereafter.

All wedding collections include 60 miles of one way travel from our studio in St Marys, GA. Additional travel expenses are billed at \$1 per mile. Mileage is calculated using Mapquest.com's interactive directions tool. Additional coverage is billed at \$150/hour.

A retainer of at least 1/3 of the total wedding coverage fee is required to book your wedding date. Another 1/3 is due 90 days prior to the wedding date. The final 1/3 is due 30 days prior to the wedding date. A signed contract and retainer books your wedding.

The above are our current rates effective February 10, 2006. Rates are subject to change without notice. Booking your wedding locks in our current rates for no less than 90 days after your wedding.

All Wedding Collections and Ala Carte Items are subject to %6 Camden County sales tax.
